Santa Rosa Junior College will be offering multiple GIS courses for the Spring 2011 semester.

- GIS 40 - Introduction to GIS
- GIS 51 - Intermediate GIS
- GIS 52 - Advances GIS
- GIS 55 - GIS Applications for Earth Sciences
- GIS 56 - GIS Applications in Land Planning

For more information about each of the these classes you can go to SRJC's Schedule of Classes page.

I will be teaching the GIS 51 course and team teaching the GIS 40 course.
