Santa Rosa Junior College will be offering multiple GIS courses for the Spring 2011 semester.

- GIS 40 Introduction to GIS
- GIS 51 Intermediate GIS
- GIS 52 Advances GIS
- GIS 55 GIS Applications for Earth Sciences
- GIS 56 GIS Applications in Land Planning

For more information about each of the these classes you can go to SRJC's <u>Schedule of Classes</u> page.

I will be teaching the GIS 51 course and team teaching the GIS 40 course.
